General Pictures

Elevators in the Hyatt Hotel in San Francisco. We spent a lot of time in the Hyatt, the rooms were stepped over an inside open area that was very comfortable lounging.

JACKSON KOLLER

The Long Beach oil rigs were covered up with shaped buildings, colored lights, plants and waterfalls. Made them very pretty, opposed to oil derricks.

River Trip

We took a trip out to 'The River' once with three other couples.

Rented a houseboat and cruised, fished, swam and played cards. A great way to vacation with a group.
