Intro

Every year they have a Tulip Festival at the local growers about an hour North of us.

And as Patricia's sister lives in that area now we finally made it up to it.

Well, one of the gardens that is, most of the crops were already cut, so the fields were just rows of green. But the show gardens were in full bloom.

This is a collage of the tulips for sale, their on-line catalog is: <http://www.tulips.com>

Prologue

Not much to say here, except that pictures can't quite capture the grandeur of the overwhelming parade of colors.
